(Publisher)

This addendum and the Publication Agreement, taken together, allocate all rights under copyright with respect to all versions of the Article. The parties agree that where there is conflict between this Addendum and the Publication Agreement, the provisions of this Addendum are paramount and the Publication Agreement shall be construed accordingly.

**Author’s Retention of Rights.** Notwithstanding any terms or conditions to the contrary in any author agreement between Authors and Publisher, Authors whose work (“Article”) is accepted for publication within the Journal shall retain the non-exclusive, irrevocable, royalty-free right to use their Article for scholarly and educational purposes, including self-archiving or depositing the post-print, peer-reviewed, accepted for publication version of the Article in institutional, subject-based, national or other open repositories or archives (including the author’s own web pages or institutional repository), and to comply with all grant or institutional requirements associated with the article, provided the author acknowledges the published journal version in standard bibliographic citation form.

### Acknowledgement of Prior License Grants:

- a) All of the terms and conditions of the Publication Agreement, including but not limited to all grants, agreements, representations and warranties, are subject to and qualified by a non-exclusive license previously granted to Florida State University (“FSU”) through the Faculty Senate Open Access Policy. Under that license, FSU may make the Article available in an open repository and may exercise all rights under copyright relating to the Article, and may authorize others to do the same, provided that the Article is used only for scholarly and educational purposes and not sold. In the exercise of that license, FSU may use the Author's accepted manuscript (post peer-review), but will not use the final published version of the Work unless Publisher permits use of that version. FSU will also use reasonable efforts both to cite to Publisher's definitive version of the Work if it has been published, and to link to Publisher's version if it is available online.
- b) Where applicable and without limiting the retention of rights above, Publisher acknowledges that Author’s assignment of copyright or Author’s grant of any rights to Publisher in the Publication Agreement is subject to the Author’s prior grant of a non-exclusive license to Author’s employing institution and/or to a funding entity that financially supported the research reflected in the Article as part of an agreement between Author and Author’s employing institution and such funding entity, such as an agency of the United States government.

For record keeping purposes, Author requests that Publisher sign a copy of this Addendum and return it to Author. However, if Publisher publishes the Article in the journal or in any other form without signing a copy of this Addendum, such publication manifests Publisher’s assent to the terms of this Addendum.
